**The camp** comprises a thatched main building with dining, lounge & reading areas, a lovely sparkling pool and a fire-pit for those evenings under the African sky sharing stories, getting to know people & making friends.

**Accommodation** offers a choice of **4 rustic thatched chalets, 2 comfortable family units, 2 elevated tree-houses & 4 spacious elevated luxury tents**. All units have en-suite facilities. The elevated units overlook our waterhole & offer close-up viewing of elephant, buffalo, wart-hog, kudu, bushbuck, baboons & monkeys, as well as many interesting species of birds. Leopard, hyena, the endangered African painted dog & other more reclusive wildlife have also been seen. We also arrange **walking & mobile safaris** inside Hwange National Park.

**Meals** are well-prepared with fresh ingredients taking clients' dietary requirements into consideration, & served in the dining area or alfresco under the night sky.

Game drive in Hwange National Park

**Game drives** can be taken into Hwange National Park in search of Africa's "Big 5". The game-viewing is particularly good in the drier months May to early November. We also offer drives on the nearby Hwange Estate & the opportunity to observe Sharon Pincott's amazing interactions with the Presidential Herd of elephant, well-documented in her 2 books & various wildlife documentaries by BBC Wildlife, National Geographic & others.

**Guided game & birding walks** are available on request, otherwise simply relax in camp with views of our own waterhole & wonderful birdlife.

You may also take a drive to the nearby Dete Village Craft Centre or the world-class educational museum at the Painted Dog Centre where injured or orphaned wild dogs are rescued & re-habituated.

An evening's entertainment by the internationally-acclaimed Ingonyama Dance Troupe can be arranged on request.

Transfer from Victoria Falls is an easy two-hour drive on good tar roads & can be arranged by our Vic Falls office.
